

## Technical visit to Bucher Municipal – Dorking, Surrey

Bucher Municipal are an international manufacturer of road sweepers and maintenance machines for drainage, sewers and winter snow clearance. London Branch have been invited to see their manufacturing facilities in Dorking. Bucher Municipal pride themselves on doing things better, driven by the application of new and better engineering technology and with a strong focus on improving the environment with their products. This promises to be a fascinating visit but numbers are limited, so book early.

**Tuesday 18<sup>th</sup> October**

**Please arrive in time for a prompt start at 2 p.m.**

*On arrival there will be tea or coffee and a short presentation in the training room. The tour will show the production site from delivery of flat steel to laser cutting and folding and rolling, through to welding and painting then to assembly and testing. The tour will take a little more than 2 hours and will finish with a Q&A session. Parking is available onsite but please pre-book.*

***Bucher Municipal Ltd., Curtis Road, Dorking, Surrey RH4 1XF. 01306 884722***
